

WHAT'S MISSING FROM THIS PICTURE?

In a word, *you*. And that's a good thing. It means you're somewhere else, dealing with issues that actually require a sports-turf manager's attention. The question is, how are you pulling off this disappearing act?

TM-2000

TM-1000

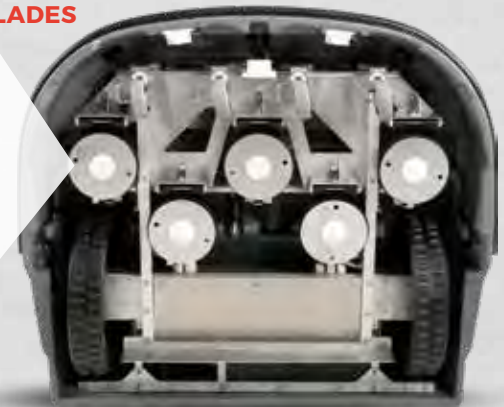

THE ECHO ROBOTICS TURFMOWER SERIES

When these autonomous TurfMowers are on the job, it's not just you who's absent. Also gone are worries about finding quality labor—and a host of other headaches. In their place is the ability to save precious time, money and resources with a professional-grade, autonomous TurfMower that's user-friendly and does all the work—at every site, even when you're off site.

- Available models include the TM-2000—for jobs up to 6 acres—and the compact TM-1000 for smaller jobs, up to 3 acres
- Mows rain or shine, day or night—around your schedule for watering, games, maintenance, etc.
- Finely mulches clippings to promote turf health
- Advanced automation, guidance and safety features
- Remotely command and monitor the mower's performance
- Installation is done for you by a professional for worry-free start-up
- Emissions-free operation
- 8x lower energy costs*

* compared to traditional mowers
